

Mautus was born in 2002 with the mission to satisfy more and more pressing market requirements in the second-hand standard and CNC machine tools field.

Mautus, belonging to R.F. Celada SpA Group, has its own well-defined and autonomous identity and takes advantages of Celada 70 years history with a high technical background and a well-established experience which can be resumed in conseiling, service and, first of all, professionalism.

Mautus has recently moved to a new and modern centre of operations in Cologno Monzese, close to Milan, in the same building of the other Companies belonging to our Group.

Its headquarters include administrative and commercial offices and an exhibition area of 2800 sm where all first-class and working second-hand machines can be viewed:

Bar Lathes

Swiss-type Lathes

Chuck Lathes

Machining Centres

Surface Grinding Machines

Internal/External Grinding Machines

EDM & EDW

All the machines collected are accurately revisioned and sold perfectly working, according to safety standards and under warranty. Moreover, Mautus imports machines which do not belong to our partners, but new and working.

At the beginning, Mautus trade was carried out almost exclusively against new machines trade, but today this Company has developed a real business and deals with the research of the best used machines in the National and International panorama, but in accordance with its quality standards.

For R.F. Celada, the mother to our Group, which Mautus belongs to, **quality has always been a target to be taken into consideration.**

Normally the brands which Mautus deals with are **Okuma** (Lathes and Machining Centers), **Bridport** (Machining Centers), **Sodick** (EDM & EDW), **Jones & Shipman** (Grinding Machines), **Colchester** (Standard and CNC Lathes), **Star** (Swiss-type Lathes) but a great deal of other brands as well, according to contingent market requirements.

Come to see us. A commercial and a technical staff will give you all the information you need about our products and the availability of our machines and all those features which are a guarantee of your machine efficiency.

Mautus machines are ready, CONTACT US today: 02.25397259!
